

Unsung Hero 2025-2026

Recommendation Form

What Is An Unsung Hero? This phrase is a combination of two words: "hero" means someone who is admired for their good deeds, courage, or character, and "unsung" means someone who is unpraised for their hard work. In other words: an unsung hero is someone who doesn't get appreciation, thanks, or credit for their good character and achievements¹.

We all have some of these folks in our Auxiliaries. This year I would like to recognize some of these individuals and, therefore, I will have recognition at various times based on recommendations from Auxiliary and others recommendations. I am asking each Auxiliary to nominate at least one individual to receive this recognition. Individual members may recommend someone as well. Just complete this form and email or mail it to me at tracyk372@yahoo.com. Thank you.
